DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE

The facade of this building has been wholly altered to accommodate professional offices. The brick exterior, with ornamental concrete blocks from the second to fourth floors, is lacking in architectural distinction and is out of contrast with the visual fabric of the block.

A small, rectangular window, with a single light, on the first floor, and the doorway, to the left side of the facade, are capped by a belt course running the length of the concrete blocks. A female representation of "Justice" astride an American eagle announces the function of the structure.
